Virtual museum for stamp collectors

» World's first virtual museum for collectors of coins, banknotes and stamps—www.mintageworld.com—will be inaugurated by Chief Minister Devendra Fadnavis on Saturday, *DHNS* reports from Mumbai.

The portal will be inaugurated during the 25th Annual Shukla Day Coins and Philately Fair here. The extensive portal is an initiative by Ultra Group, a professionally managed entertainment conglomerate providing end to end solutions for the films and television industry globally.

At the event, over 1,600 different items will go under the hammer, spanning from the beginnings of Indian coinage, a silver punched-mark coin about 2,400 years old from the Gandhara and Magadha Janapada period.
