

How countries celebrated the Mahatma

DID you know about the unreleased ten-rupee note with Mahatma Gandhi's portrait on the obverse? The note incidentally showed Mahatma Gandhi working on his charkha, and also a rear-view of him walking with his followers. A new book titled *Global Collectibles of Mahatma Gandhi through bank notes, coins and stamps* (compiled by Mintage World), released on the occasion of Gandhi Jayanti, offers a window into the legacy of the icon, as reflected on legal tender by 144 countries. The book has been edited by Sushilkumar Agrawal, CEO of Ultra Media Entertainment Private Limited. "Gandhiji has always been a universal inspiration.

We had to ensure that intricate details are included and authenticity is ensured," he says.
